

Outcome of the TANDEM-UA-DE Project Working Meeting

On 25–26 November 2025, in the city of Weiden, a working meeting was held between representatives of Igor Sikorsky Kyiv Polytechnic Institute and OTH Amberg-Weiden as part of the TANDEM-UA-DE project. The meeting focused on introducing a parallel diploma program for students of the educational program Digital Economy and Management.

During the discussions, the teams defined the key academic and organizational aspects of the cooperation, outlined the structure of the program, and established the requirements for participating students. The delegations also prepared a draft agreement to implement the parallel diploma program for FMM students of Igor Sikorsky KPI enrolled in Digital Economy and Management.
